MOAA Charities
Annual Report

BRIDGING *the* GAP

With the help of generous supporters,
MOAA Charities continues to make a difference
for the greater uniformed services community.

From Our Team

Philanthropy, one of MOAA's six strategic priorities established to guide our association, is achieved through the work of MOAA's 501(c)(3) charity subsidiaries, The MOAA Foundation and MOAA Scholarship Fund. These subsidiaries provide the MOAA membership and general public with opportunities to invest in missions that give back to the uniformed services in meaningful ways.

'Today I accepted a job offer with the National Board of Medical Examiners! I am extremely excited with the job opportunity and will begin next month.

MOAA has been so helpful over the last several months with job guidance, résumé prep, etc. I sincerely appreciate all of the assistance, expertise, and thoughtfulness.'

— Alysa, military spouse

Foundation distributed over \$65,000 in emergency financial aid to over 100 individuals and families in just four short months.

The MOAA Scholarship Fund has made continuing education more accessible for students of military families since 1948. Understanding the frequent moves and constant adjustments these students make, the scholarship fund strives to provide scholars with equal footing for the next phase of their lives.

Interest-free loans and grants empower students to focus on their studies and complete their degrees. We are confident the scholars in the diverse, highly qualified class currently receiving aid have bright futures, and we are honored to be a part of their journey.

With guidance from MOAA leadership and our volunteer board of directors, we are encouraged to strategically enact our missions to ensure our programs and services make a positive difference for those who have served our country.

To every donor, sponsor, and supporter of The MOAA Foundation and MOAA Scholarship Fund, thank you for trusting us with your donations. We are proud and honored to work collaboratively to serve our nation's heroes.

With gratitude,
The MOAA Charities Development Team

OUR PROMISE TO DONORS

The MOAA Foundation (EIN 46-4219250) and the MOAA Scholarship Fund (EIN 54-1659039) are both public, nonprofit, charitable organizations incorporated in Virginia and declared tax-exempt by the Internal Revenue Service under 501(c)(3) of the Internal Revenue Code. Donations to these entities are tax-deductible to the full extent allowed by law.

We are committed to demonstrating the highest standards of public accountability and stewardship of donors' gifts. Your personal information is never sold or given to other charities.

Awarded Crisis Relief Funds Help Veteran Hit by Flood

James M., a combat veteran who served in the U.S. Marine Corps during the Iraq War, was injured multiple times during his service and lives with PTSD. James has a 100% permanent and total disability rating from the VA; he lives on a fixed income with his wife and three kids in Virgie, Ky. — population 274.

After record-breaking flooding in eastern Kentucky, James and his family suffered significant property damage. The bridge that provides the only safe access to their home was washed away, they lost power for several days (causing everything in their refrigerator to spoil), they were without potable drinking water for over a month, and their vehicles suffered damage requiring immediate repair.

Due to the PTSD that af-

fects James daily, this drastic change in circumstance and added stress had a tremendous impact on his mental health. Thankfully, his VA representative heard about The MOAA Foundation's Crisis Relief program and encouraged James to apply for financial assistance. Though he was reluctant to accept help, James recognized his family needed him to submit an application.

With awarded funds, James plans to repair his vehicles and begin to rebuild the bridge to his house. Although his home and life were impacted by the flooding, James remained positive and focused on helping others.

He later told our staff he looks to one day pay forward the assistance he received.

"As soon as I can get in a better place for my family, I will be

donating to MOAA. I want to be able to give back to the ones who were able to give to me and my family. From the bottom of my heart, thank you to everybody."

Knowing that James plans to become a donor when his situation changes is not surprising. Taking care of one another is a fundamental component of uniformed service and something that everyone who gives exemplifies with their donations.

The MOAA Foundation relies on support from generous donors to make this program possible. To learn more about this vital program, or to join the community of donors who support our crisis relief efforts visit www.charities.moaa.org/crisisrelief.

Program beneficiary names have been changed to protect recipients' privacy.

KDVA

Organizations such as Korea Defense Veterans Association (KDVA) serve the military community through financial investment in events like the MOAA Charities Golf Classic, which helps fund our programs and services. If your company, business, or veterans' organization would like to get involved, please contact foundation@moaa.org.

One week before Hurricane Ian destroyed their home, Mike proposed to Marie on their local beach. Just a few days later, the location was unrecognizable.

'This foundation truly cares for those who have served and is helping my family in a time of need. As soldiers, we are trained to survive in many situations. 2022 SOURCES AND USES OF THE MOAA FOUNDATION

SOURCES

USES

Career Transition:

- MOAA's career transition experts joined industry professionals to host uniformed servicemembers, veterans, military spouses, and surviving spouses at the 2022 Network for Career Success with MOAA, an event held in person for the first time since 2019. Event attendees connected with industry professionals, attended a panel discussion, and learned from our team of experts how to take the next steps in their career. Special thanks to event sponsors Association Member Benefits Advisors, Humana Military, and BAE Systems for making this event possible.
- Over 28,600 individuals registered to attend career transition events covering a wide range of topics, including job coaching, networking, salary negotiation, and more.

Crisis Relief:

- After receiving our first application in August 2022, The MOAA Foundation distributed over \$65,000 to 100-plus individuals and families in just four months.
- Crisis Relief Grants were awarded to members of the uniformed services community in California, Colorado, Florida, Kentucky, Missouri, and Puerto Rico.
- Please see page 59 for more information on the Crisis Relief program.

Community Outreach Grants:

- The MOAA Foundation distributed over \$86,000 in grant funds to support 33 programs in local communities across the country.
- This year, MOAA councils and chapters nationwide participated in a wide range of community programs designed to benefit the greater uniformed services

community at the local level. Programs included housing support for veterans in California, food assistance to active duty families in Florida, resource outreach to veterans in Idaho, critical assistance to surviving spouse and Gold Star families in Illinois, and much more.

Military Spouse Professional Development:

- In 2022, almost 1,500 military spouses registered for our career transition events, finance and benefits webinars, and career transition lectures conducted by our subject-matter experts.
- Over 600 military spouses had access to our virtual career fairs. These events allowed attendees to meet with hiring managers from some of our nation's top companies, receive advice on establishing a career that can move with them, and gain confidence in their professional abilities.

Professional Education Outreach:

- This year, our professional education outreach team conducted a combination of virtual and in-person events following several years of strictly virtual events. This dual approach allows us to make our programs more accessible to everyone in the military and veteran community.
- MOAA's team of experts provided financial counseling, conducted finance and benefits webinars, and connected individuals with resources and lifelong professional development information to everyone in the broader uniformed services and veteran community.
- We provided access to our virtual events to over 29,000 individuals in 2022, an increase of more than 37% in two years.

1,000+

Through MOAA Foundation programs, over 1,000 enlisted servicemembers from all branches of the uniformed services had access to expert advice on financial planning and military benefits, career transition services, and crisis relief grants.

ABOUT THE MOAA SCHOLARSHIP FUND

MOAA established the MOAA Scholarship Fund in 1948, and to this day, it continues to provide educational assistance to children of both officers and enlisted personnel. Those dependents who meet the requirements and qualifications to receive these scholarships and further educational benefits encompass one of the association's founding principles: Education is the cornerstone of a strong democracy. It is funded by donations from MOAA members, councils and chapters, corporations, and others with a desire to help military families.

SCHOLARSHIP 2022

In 2022, the MOAA Scholarship Fund provided grants to students from military families in 49 states, Europe, and the Pacific.
